RE: Canada Bread Expansion

I am writing this letter to acknowledge your valued contribution to the Canada Bread Expansion that we are just wrapping up on. Although it was not a large project by any means it was a very important project for our client.

It took a serious effort and commitment from all of our subtrade partners on the project to meet what was a very aggressive schedule set by the owner. Everything from expediting shop drawings and deliveries, working extra hours and weekends, working on a congested site and responding to the many change notice pricing requirements in a very prompt fashion were all important parts of meeting the project goals and resulting in the turnover of a quality product.

In the eyes of the owner it was a very successful project and you all had a part to play in this success, for which we want to pass along our thanks.

We look forward to working with you on future projects.

Yours Truly,
